

Admin Husic, Ph.D.

Harold A. and Donna R. Phelps Chair's Council Assistant Professor
 2134B Learned Hall • University of Kansas • Lawrence, KS 66045
 (785) 864 – 6172 • ahusic@ku.edu • www.hydraulics.eco

EDUCATION

Doctor of Philosophy (Ph.D.), Civil Engineering, University of Kentucky	July 2018
Master of Science (MS), Civil Engineering, University of Kentucky	Dec 2015
Bachelor of Science (BS), Civil Engineering, University of Kentucky	May 2014

ACADEMIC APPOINTMENTS

Associate Professor Beginning in Aug. 2024
 Department of Civil and Environmental Engineering
 Virginia Tech, Blacksburg, VA

Assistant Professor Aug. 2018 – Aug. 2024
 Department of Civil, Environmental, and Architectural Engineering
 University of Kansas (KU), Lawrence, KS

MENTORING EXPERIENCE

Primary Research Mentorship	Total	Current	Graduated
Doctoral Research	5	4	1
Masters Research	3	0	3
Undergraduate Research	14	3	11
External Committee Member			
Doctoral Research	11	8	3
Masters Research	2	0	2

PEER-REVIEWED JOURNAL ARTICLES (student advisees indicated by underscore)

In Review

- Golden, H., Christensen, J., McMillan, H., Kelleher, C., Lane, C., **Husic, A.**, Li, L., Ward, A., Hammond, J., Seybold, E., Jaeger, K., Zimmer, M., Sando, R., Jones, N., Segura, C., Mahoney, T., Price, A., and Cheng, F. (2024). Advancing the Science of Headwater Streamflow for Global Water Protection. *Nature Water*, *In Review*.
- Spellman, P., **Husic, A.**, and Hasenmueller, E. (2024). Storm induced solute transport in an eogenetic karst aquifer using high temporal resolution nitrate and specific conductance. *Journal of Hydrology*, *In Review*.
- Bettel, L., Fox, J., **Husic, A.**, Mahoney, T., Martin, A., Zhu, J., Tobin, B., Al-Aamery, N., and Osborne, C. (2024). Hydrologic pathways and baseflow contributions, and not the

proximity of sediment sources, determine the shape of sediment hysteresis curves: theory development and application. *Journal of Hydrology, In Review*.

4. Clune, J., Cravotta, C., **Husic, A.**, Abraham, H., and Schmidt, K. (2024). Complex hydrology and variability of nitrogen sources in a karst watershed. *Journal of Environmental Quality, In Revision*.

AWARDED GRANTS as PI (by date) (total: \$2,025,322 since 2019)

1. **Husic, A.** 2024–2029. CAREER: Dynamic connectivity: a research and educational frontier for sustainable environmental management under climate and land use uncertainty. National Science Foundation. **\$609,734.**
2. **Husic, A.** Gido, K., Harris, T., and Bigham, K. 2023–2026. Collaborative Research: Can Human-Induced Turbidity Currents Enable Sustainability of Freshwater Reservoirs? National Science Foundation. **\$500,000** (\$350,000 to KU, \$150,000 to KSU).
3. **Husic, A.** 2023–2024. RII Track-4: Assessing Dynamic Connectivity of Streams and Wetlands across Spatial and Human Gradients with Deep Learning. National Science Foundation. **\$259,515.**
4. **Husic, A.** 2023–2024. The inequity of urban flooding: exploring societal and climatic drivers across scales. NSF Kansas EPSCoR ARISE Program. **\$50,000.**
5. **Husic, A.** 2022–2024. Monitoring and modeling Hillsdale Lake under changing land use and climate drivers to assess tipping point of hypereutrophic lake conditions. Kansas Department of Health and the Environment. **\$92,142.**
6. **Husic, A.**, and Zipper, S. 2022–2024. Forecasting streamflow and groundwater depletion with deep learning models to sustain Kansan water resources. Kansas Water Resources Research 104(b) Program. **\$50,000** (+\$50,000 in-kind cost share).
7. **Husic, A.** 2022–2023. How does urbanization change nitrate source-zone activation? Real-time insights from rapidly-expanding Johnson County, Kansas. University of Kansas Office of Research General Research Fund. **\$13,000.**
8. **Husic, A.**, and Sutley, E. 2022–2023. Evaluating the Racial Equity of Flooding Hazards in the Kansas City Metropolitan Area. KU Racial Equity Research, Scholarship & Creative Activity Fund. **\$19,607.**
9. **Husic, A.** 2021–2024. Identifying the Source of Sediment for Targeted Best Management Practices in Urban and Rural Areas of Johnson County. Johnson County Stormwater Management Program. **\$175,175.**
10. **Husic, A.** 2021–2022. Influences of urbanization on the tipping points of benthic algae mat growth, decay, and toxin production. NSF Kansas EPSCoR MAPS Program. **\$141,777.**
11. **Husic, A.**, Collins, W., Lequesne, R., and Roundy, J. 2021–2022. Development of Condition Factors and Bridge Load Ratings through Statistical Analyses of the NBI Database. Kansas Department of Transportation. **\$46,500.**
12. **Husic, A.**, Harris, T., Sturm, B., 2020–2022. Benthic cyanobacterial mats: a potential source of harmful and nuisance compounds to Kansas streams. Kansas Water Resources Research 104(b) Program. **\$40,000** (+\$80,000 in-kind cost share).

13. **Husic, A.** 2020–2021. Sediment tracing with plutonium isotopes to assess urbanization impact on sources of erosion. University of Kansas Office of Research General Research Fund. **\$7,872.**
14. **Husic, A.** 2019–2021. Optimal Transport for Assessing Nitrate Source and Pathway Connectivity in Human-Disturbed Watersheds. University of Kansas Office of Research New Faculty General Research Fund. **\$20,000.**

AWARDED GRANTS as Co-PI (by date) (total: \$8,222,877 since 2019)

1. Hotchkiss, R., **Husic, A.**, and Minear, T. 2023–2025. Understanding Reservoir Sedimentation Sources and Economics in the Kansas River Basin for US Army Corps of Engineers Kansas City District. U.S. Army Corps of Engineers. **\$316,000** (\$100,000 to KU, \$166,000 to BYU, and \$50,000 to CUB).
2. Layzell, T. and **Husic, A.** 2023–2024. Understanding Reservoir Sedimentation Sources and Economics in the Kansas River Basin for US Army Corps of Engineers Kansas City District. U.S. Army Corps of Engineers. **\$100,000.**
3. Bennet, C., Lequesne, R., Li, J., Collins, W., Lepage, A., Darwin, D., O’Reilly, M., Hansen, A., and **Husic, A.** 2022–2027. Improving the Performance of Concrete Dam Infrastructure Through Use of Fiber-Reinforced Polymers. U.S. Army Corps of Engineers. **\$7,740,921.**
4. Layzell, T. and **Husic, A.** 2023–2024. Streambank Evaluation of the Cottonwood and Neosho Rivers above John Redmond Reservoir. Kansas Water Office. **\$100,000.**
5. Roundy, J., Hansen, A., and **Husic, A.** 2018–2020. Bridge Deck Drainage: Evaluation of KDOT’s Current Design Guidance. Kansas Department of Transportation. **\$65,956.**

INVITED RESEARCH PRESENTATIONS (by me as presenting author)

1. **Husic, A.** (2023, December). Urban connectivity: pathways and processes of solute and sediment delivery to rivers. American Geophysical Union. Fall Meeting. San Francisco, CA. Oral Presentation.
2. **Husic, A.** (2023, February). Using radioactive fallout to quantify streambank erosion in urbanizing Johnson County, Kansas. Mid-America Regional Stormwater Council. KC Urban Stormwater Conference. Lenexa, KS. Oral Presentation.
3. **Husic, A.** (2022, December). Hydrologic connectivity: a management frontier for water quality conservation. American Geophysical Union. Fall Meeting. Chicago, IL. Oral Presentation.
4. **Husic, A.** (2022, November). Hydrologic connectivity in the Anthropocene: sensing and untangling pathways of water and sediment from local to continental scales. Lawrence Berkely National Lab. Environmental and Earth Sciences Modeling Forum. Berkeley, CA. Oral Presentation.

5. **Husic, A.** (2022, November). Nitrogen fate and transport in fluviokarst systems: evidence from high-frequency sensing, stable isotope tracing, and numerical modeling. Chesapeake Bay Factors Team Meeting. Virtual Oral Presentation.
6. **Husic, A.** (2021, March). Untangling the Controls of Water and Nutrient Connectivity in Karst Aquifers. Kansas State University Geology Seminar. Manhattan, KS. Virtual Oral Presentation.

STUDENT PRESENTATIONS (by student advisee as presenting author, * indicates award)

1. Pandit, A. and **Husic, A.** (2023, December). A continental-scale long short-term memory model for predicting nitrate dynamics. American Geophysical Union Fall Meeting. San Francisco, CA.
2. Mohn, A. and **Husic, A.** (2023, December). Microplastics in Stormwater: Quantifying Abundance, Characterizing Sources, and Understanding Associations with Water Parameters. American Geophysical Union Fall Meeting. San Francisco, CA.
3. Appel, E. Enderami, A., Sutley, E., and **Husic, A.** (2023, December). Evaluating the racial inequity of flooding: historical policies, modern consequences. American Geophysical Union Fall Meeting. San Francisco, CA.
4. Pandit, A. and **Husic, A.** (2023, November). Forecasting the tipping points of hypereutrophic lake conditions under changing climate and land use scenarios. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
5. Mohn, A.*. and **Husic, A.** (2023, November). Microplastics within Fluvial Sediment: Quantifying Abundance, Characterizing Sources, and Understanding Drivers. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
**Awarded First Place Outstanding Undergraduate Poster Presentation.*
6. Appel, E. Enderami, A., Sutley, E., and **Husic, A.** (2023, November). Troubled waters: redlined communities and present-day flooding. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
7. Percich, A. and **Husic, A.** (2023, November). Sediment Fingerprinting to Assess Sources of Erosion in Urbanizing Johnson County. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
8. Cappotto, K., Harris, T., Gido, K., Moore, T., and **Husic, A.** (2023, November). Water injection dredging and human-induced turbidity currents as an alternative strategy for reservoir sedimentation management. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
9. Zarnaghsh, A. and **Husic, A.** (2023, May). Assessing continental gradients in the significance of runoff and baseflow to turbidity generation in streams. SEDHYD - Sedimentation and Hydrologic Modeling Conference. St. Louis, MO. Oral Presentation.
10. Pandit, A. and **Husic, A.** (2023, May). Get with the timeseries: establishing metrics for water quality model performance. HydroML Symposium. Berkeley, CA. Poster Presentation.

11. Zarnaghsh, A. and **Husic, A.** (2022, December). Coupling High-frequency Sensing and 2-d Numerical Modelling to Analyze Nitrate Dynamics in a Large River. American Geophysical Union. Fall Meeting. Chicago, IL. Oral Presentation.
12. McVey, Z., **Husic, A.**, Michalek, Z., and Mahoney, T. (2022, December). Land Use Change Impacts on Dynamic Sediment Connectivity in an Urbanizing Region. American Geophysical Union. Fall Meeting. Chicago, IL. Poster Presentation.
13. Pandit, A. and **Husic, A.** (2022, November). Forecasting the Tipping Points of Hypereutrophic Lake Conditions Under Changing Climate and Land Use Scenarios. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
14. Zarnaghsh, A. and **Husic, A.** (2022, November). Quantifying Runoff and Baseflow Controls on Stream Turbidity. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
15. Vaez, M. and **Husic, A.** (2022, November). Sediment fingerprinting as a tool for identifying sources of erosion in Johnson County, Kansas. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
16. Rider, Z., **Husic, A.**, Sturm B., and Harris, T. (2022, November). Widespread presence of cyanotoxins and taste-and-odor compounds within benthic algae of human-disturbed rivers. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
17. McVey, Z., **Husic, A.**, Michalek, Z., and Mahoney, T. (2022, November). Land Use Impacts on Dynamic Sediment Connectivity Across an Urbanizing Region. Governor's Conference on the Future of Water in Kansas. Manhattan, KS. Poster Presentation.
18. Rider, Z., **Husic, A.**, Sturm B., and Harris, T. (2022, April). Algae mats as sources of cyanotoxins and taste-and-odor compounds. University of Kansas Environmental and Water Resources Engineering Seminar Series. Lawrence, KS. Poster Presentation.
19. Zarnaghsh, A. and **Husic, A.** (2021, December). High-Frequency Sensing of Specific Conductance to Understand Transport Mechanisms Across an Urbanization Gradient. American Geophysical Union. New Orleans, LA. Poster Presentation.
20. Rider, Z., **Husic, A.**, Sturm B., and Harris, T. (2021, December). Land Use Impacts on the Development of Cyanotoxins and Taste-and-Odor Compounds in Benthic Algae Mats. American Geophysical Union. New Orleans, LA. Poster Presentation.
21. McVey, Z. and **Husic, A.** (2021, December). Land Use Impacts on Dynamic Sediment Connectivity Across an Urbanizing Region. American Geophysical Union. New Orleans, LA. Poster Presentation.
22. Zarnaghsh, A.*. and **Husic, A.** (2021, November). High-Frequency Sensing of Specific Conductance to Understand Solute Transport Mechanisms During Storm Events in Johnson County, KS. Governor's Conference on the Future of Water in Kansas. Virtual. Poster Presentation.

**Awarded First Place Outstanding Graduate Poster Presentation.*

23. Rider, Z., **Husic, A.**, Sturm B., and Harris, T. (2021, November). Investigating the drivers of cyanotoxins and taste-and-odor compounds in streambed algal mats. Governor's Conference on the Future of Water in Kansas. Virtual. Poster Presentation.
24. McVey, Z. and **Husic, A.** (2021, November). Modeling streamflow in rural and urban basins: applications to Johnson County, KS. Governor's Conference on the Future of Water in Kansas. Virtual. Poster Presentation.
25. Zarnaghsh, A., Kelly, M., Burgin, A., and **Husic, A.** (2021, May). Coupling high-frequency sensing and 2-D numerical modeling to analyze nitrate dynamics in a large river. Society of Freshwater Sciences. Virtual. Oral Presentation.
26. Zarnaghsh, A. and **Husic, A.** (2020, December). High-frequency sensing of sediment hysteresis to understand storm event dynamics across an urbanization gradient. American Geophysical Union Fall Meeting. Oral Presentation.
27. Michalek, A., Zarnaghsh, A., and **Husic, A.** (2020, December). Modeling linkages between erosion and connectivity in an urbanizing landscape: a coupled sensing, geomorphometric, and field assessment approach. American Geophysical Union Fall Meeting. Virtual. Poster Presentation.
28. Percich, A. and **Husic, A.** (2020, December). Sediment source assessment along an urban to rural transition using plutonium isotopes and sediment fingerprint modeling. American Geophysical Union Fall Meeting. Virtual. Poster Presentation.
29. Zarnaghsh, A.*. and **Husic, A.** (2020, November). High-Frequency Sensing of Sediment Hysteresis to Understand Storm Event Dynamics in Johnson County, KS. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation.
**Awarded First Place Outstanding Graduate Poster Presentation.*
30. Michalek, A., Zarnaghsh, A., and **Husic, A.** (2020, November). Identifying erosion and connectivity hotspots in urbanizing Johnson County, KS. Governor's Conference on the Future of Water in Kansas. Poster Presentation. Wichita, KS. Poster Presentation.
31. Percich, A.*. and **Husic, A.** (2020, November). Plutonium Isotopes as Tracers of Sediment in an Urbanizing Landscape. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation.
**Awarded First Place Outstanding Undergraduate Poster Presentation.*
32. Zarnaghsh, A. and **Husic, A.** (2019, November). High-resolution sensors for assessing the impact of rapid land use change on the processes governing stream biogeochemistry. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation.
33. Wilson, L. and **Husic, A.** (2019, November). Hydrologic modeling along an urbanization gradient: application of the SWAT model to five Johnson County watersheds. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation.
34. Percich, A.*. and **Husic, A.** (2019, November). Sediment source assessment along an urban to rural transition using stable isotopes and geochemical tracers. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation.
**Awarded First Place Outstanding Undergraduate Poster Presentation.*

35. Depew, A.* and **Husic, A.** (2019, November). Designing and implementing a platform for remotely sensing high-frequency water quality data across an urbanization gradient. Governor's Conference on the Future of Water in Kansas. Wichita, KS. Poster Presentation. **Awarded Runner-up Outstanding Undergraduate Poster Presentation.*

23. **Husic, A.** et al., (2015, December). Sediment carbon fate in a fluviokarst watershed in the Bluegrass Region. Poster Presentation. 5th Annual Sustainability Forum. Lexington, KY.

24. **Husic, A.** et al., (2015, May). Investigation of source, fate, and transport of sediments in a karst dominated watershed. Oral Presentation. ASCE World Environmental & Water Resources Congress. Austin, TX.
25. **Husic, A.** et al., (2015, March). Sediment transport mechanisms in a fluvial karst system in Bluegrass Region. Oral Presentation. Kentucky Water Resources Research Institute Annual Symposium. Lexington, KY.
26. **Husic, A.** et al., (2015, February). Sediment organic carbon fate and transport mechanisms in a fluvial karst system in the Bluegrass Region. Poster Presentation. Posters-at-the-Capitol. Frankfort, KY.

TEACHING EXPERIENCE

Courses Taught (mean eval.: 4.7/5.0)	Semester	Enrollment
CE 330 Fluid Mechanics	F-23	51
	F-22	48
	F-21	30
	F-20	48
CE 331 Fluid Mechanics Lab	F-23	27
	F-22	35
	F-21	22
	F-20	34
CE 755 Open Channel Flow	S-22	11
	S-21	11
	S-20	4
	S-19	6
CE 857 Sediment Transport	F-22	3
	F-20	3
	F-18	7
CE 859 Erosion and Sedimentation	F-23	7
	F-21	9
	F-19	5

DIVERSITY, EQUITY, INCLUSION, & BELONGING (DEIB)

1. Founding Member, DEIB committee, KU School of Engineering (2021 – Present)
2. Mentor, Nine under-represented students in undergraduate research at KU (2019 – Present)
3. Chair, Founder, DEIB committee, KU Department of Civil, Environmental, and Architectural Engineering (2021 – 2023)
4. Chair, Founder, Diversity and Equity Task Force, KU Department of Civil, Environmental, and Architectural Engineering (2020 – 2021)
5. Member, Diversity Task Force, KU School of Engineering (2019 – 2021)

SERVICE & PROFESSIONAL ACTIVITIES

Professional Committees

AGU Water Quality Committee, Member (2019 – Present), Chair (2021 – 2023), Deputy Chair (2020 – 2021)
ASCE Sedimentation Committee, Member (2018 – Present)

Peer Reviewer

Nature Sustainability, Journal of Geophysical Research: Biogeosciences, Water Research, Water Resources Research, Journal of Hydrology, Agriculture Ecosystems and Environment, Hydrology and Earth System Sciences, Journal of Hydraulic Engineering, Journal of Hydrologic Engineering, Environmental Earth Sciences, Hydrological Processes, and the Transactions of the ASABE

Proposal Reviewer

U.S. National Science Foundation (NSF), German Research Foundation (DFG), French National Research Agency (ANR)

SOCIETY MEMBERSHIPS

Member of the American Society of Civil Engineers (ASCE)
Member of the American Geophysical Union (AGU)
Member of the Association for the Sciences of Limnology and Oceanography (ASLO)
Member of the American Water Works Association (AWWA)
Member of the Water Environment Federation (WEF)
Member of the Tau Beta Pi Engineering Honor Society (TBP)
Member of the Chi Epsilon Civil Engineering Honor Society (XE)
Member of the Omicron Delta Kappa Leadership Society (ODK)

HONORS & AWARDS

NSF CAREER Award (2024)
NSF EPSCoR Track-4 Research Fellow (2023)
KU School of Engineering Bellows Faculty Scholar Award (2023)
KU School of Engineering Miller Faculty Scholar Award (2021)
KU Center for Teaching Excellence Course Transformation Grant (2021)
KU Nominated for Undergraduate Research Mentor Award (2021)
KU One University Open Access Fund Award (2021)
NSF NEON Early Career Scholar (2020)
ASCE ExCEED Teaching Fellow (2019)
Outstanding Reviewer Award, *Journal of Hydrology* (2018)
National Ground Water Association Past President's Award (2017)
Burton E. Heard Graduate Fellowship (2017)
KY-TN American Water Works Association Fellowship (2017)

Burton E. Heard Graduate Fellowship (2016)

Great Lakes National Scholarship (2016)

USGS KY Water Resources Research Institute Research Enhancement (2015)

ASCE J. Waldo Smith Hydraulic Fellowship (2015)

Robert Eugene Fish Hydraulic Fellowship (2014)
